

BBFT Score Sheet Info

- Make sure that Boy or Girl is clearly marked with an X.
- Use Block Letters on the form for all information.
- Don't forget your council number, and the original school name of the participant.
- Signature of the parent or guardian is essential; the student will not be allowed to participate without it.
- This form is designed to admit the child to the competition at the Council Level and from then on will remain with the K of C personnel for additional level competitions.
- A few days prior to the District Competition, each council convener is responsible to call their 1st place winners for each age and gender category and confirm that they are able to attend the District Competition.
- If that young person cannot attend, then he must call the second place winner and confirm their attendance. Should either not be able to attend, then he should pencil in beside their gender NO SHOW and *still* bring the completed forms to the District competition, in case they change their mind at the last minute.
- The Council Convener must also remind their respective competitors that the District Competition is to be at: TBA

- The form for 1st and 2nd place winners must be brought by the council convener to the District completion.
- The convener must attend with his backup and two aides. This will allow us to run the district competition in a quick and efficient fashion.
- If you are fortunate to have District winners from your Council competitors, the same rules apply for 1st and 2nd place for both gender and age group. You would also be expected to remind them a few days before, that the where and when the Regional Basketball free throw will be held
